# MAKE THE SWITCH TO ECO-FRIENDLY PORTION CUPS

Karat Earth® offers eco-friendly portion cups, also known as soufflé cups, that are made of either commercially compostable PLA plant-based plastic or a biodegradable paper material. Reduce your business's impact on the environment by switching from chemically-made plastic to renewable resourced paper. These cups have matching lids that fit securely making them leak-proof, spill-proof and easy for transport on takeout orders. Use our compostable portion cups to store or serve dressings, sauces, salsas, condiments, dips, and more. Switch today! (Available in 2 oz. and 4 oz.)
