Karat Earth eco-friendly straws are individually wrapped and suitable for all daily operations. Our PLA clear straws are ideal for cold beverages (temp. below 140° F/ 60 °C) and our paper straws are made with BPA-free sturdy paper. In addition to our PLA and paper straws, our bamboo fiber straws are recyclable and compostable in commercial facilities. All our eco-friendly straws are made up of renewable resources that can be composted back into the earth as opposed to standard plastics derived from fossil fuels. Whether you decide on PLA, paper, or bamboo, these eco-friendly straws are the perfect alternative to plastic straws and will surely make a positive impact on our environment!
