THE ICONIC FOOD PAIL IS HERE! EASY-TO-STORE TAKE-OUT CONTAINERS

Known internationally for its iconic origami design, the food pail has been the most recognizable food container since the late 1800s. These containers are ideal for hot and cold foods. Food pails are suitable for foods with and without sauces because they feature a doubly poly lining, allowing for better leak resistance. Food pails are a versatile to-go packaging option, and are cost effective and recyclable.

Enhance your brand image by printing your logo to white food pails.
